PF1 **NIIDORI** **PF1**

Fall / Winter

All golf lovers,
we got your
back

You wear a back supporter underneath your clothes.
You adjust it every time it moves hoping no one notices.
"MIDORI PF1" was developed to free golfers like you from anxieties that come with lower back pain. The back supporting belt is integrated to the golf pants allowing freedom of movement.
The unique easy-flex architecture keeps the belt in the best position whether your back is fully rotated during a tee shot or crouched down while you are reading greens.
Wear the design that "appeals" and does not "conceal" and stay more focused .
on your game. All of this is to give you golf lovers as many more days,
as many more games as possible,
where you can play to your heart's content.

This new normal, worn to protect your back,
will no doubt change your golf life.

MIDORI PF1

FUNCTION

MIDORI PF1 exclusive technology that integrates back protection belt to golf pants liberates you from anxieties of back pain.

DUAL SUPPORT

The golf pants designed in pursuit of comfort and the lower back protection belt. Together they support your lower back. Wear them as a set and relieve yourself from anxieties.

BOA®

The BOA fit system allows instant adjustment to tighten and loosen the belt. Adjustable to different scenes and physical conditions.

The dial allows you to fine-tune a snug fit without refastening the belt.

BASIC*

Simple in design yet snugs and protects your lower back.

Dual tightening structure increases sense of support. *Available for PF1GMS21F12 only

FUNCTION

Introducing features newly added in the '21 Autumn Winter season.

UTILITY POCKET*

Use for various purposes in your golf game. *Available for PF1GMS21F14 only

Mini-pocket

For small items such as tees and green markers.

Pocket with D ring

Golf ball pouch and other items are attachable.

Zipper Pocket

Optimum to store smart phones and valuables.

Large pocket

Capable of storing bigger items such as golf scope and gloves.

Belt thermal function*

Highly thermal material added to the front and back in the belt area. Reduces burden of cold weather on the lower back. *Not available for PF1GMS21F12

FUNCTION

Unique features handle every kind of movement during your game.
Reducing the risk of slip away and stress while achieving comfort at all times.

Easy-flex design

Elasticity in lower back area allows the belt to follow every movement. Belt always stays in the best position, without sliding out of place.

Easy flex

Adjustable belt position

The belt position can be adjusted by choosing different snaps in the back. Always supports your lower back at the optimum position.

Adjustable belt height

Three dimensional

Inseam allows fluid movement when legs are opened widely by reducing tension around inseam.

Flexible inseam

Antibacterial/antiviral pockets*

Suppresses bacterial and viral growth in your pockets that come from putting balls in and out of your pockets and keeps the interior hygienic.

*Not available for PF1GMS21F16

Antibacterial antiviral pockets

Elastic waist

The elastic waist design eases up tension around the waistline, and accommodates the slight changes in waist size after meals, etc.

Elastic waist

Adjustable length*

Hem the bottoms easily by using the snaps.

Adjustable to 4 different inseam lengths.

*Only available for PF1GMS21F14

Adjustable length

Phenomenal
elasticity
beyond your
imagination.

Great for swinging, even greater to crouch down in, these pants provides excellent mobility handling any golf movement in 360 degrees direction. Perfect inseam allows you to wear them right out of the package.
